

EXTRA-CURRICULAR PROGRAMME

EARLY YEARS AND JUNIORS
SUMMER 2025-26

Aims: Developing Important Skills

At The British School of Amsterdam, our Extra-Curricular Programmes (ECPs) are more than just after-school activities - they are a vital extension of our commitment to nurturing, inspiring, and empowering students to thrive. Each activity is thoughtfully selected to enrich your child's overall learning experience and personal development.

Please note the following important details regarding the Summer ECP:

1. We offer a combination of teacher-led extra-curricular activities (ECAs) at no additional cost, along with specialist-led activities for a fee. Our goal is to provide a broad range of ECAs that cater to diverse interests.
2. The programme will begin on Monday 20 April and run for 10 school weeks, concluding on Friday 3 July 2026.
3. Our ECP is managed through an online system, SchoolsBuddy. Parents should now have a personal account to complete sign-ups and receive up-to-date information about all ECAs.

If you are new to the school, or have not yet activated your account, you will receive an email with instructions. Should you encounter any issues, please contact us at ecprogramme@britams.nl.

Please note that all paid Extra-Curricular Activities (ECAs) include a standard tuition fee of €13 per session. Some activities may also require a small additional fee for materials. Full details are provided during the sign-up process.

Using Schools Buddy

The entire sign-up process is done via SchoolsBuddy. Once your account is active, you will be able to see the sign-up container that applies to your child(ren).

- The sign-up system allows you to select up to five activities per week, which should be in order of priority.
- Selecting more than the maximum allowed (e.g. 5 options) is recommended to provide alternative choices in case your top selections are oversubscribed.
- The system is NOT a first-come first-served system, as long as you send your choices before the sign-up window closes, when you submit your choices makes no difference in terms of allocation.
- Activity places are allocated using the SchoolsBuddy algorithm. This system is designed to maximise the chances of your child getting into the highest possible number of their priority choices.
- Popular activities may reach maximum capacity. If this happens, your child will be allocated to the next choice on their priority list. SchoolsBuddy keeps a score of past allocations to compensate children who did not get all their desired choices in future sign-ups, ensuring fair allocation over the academic year.
- After making your choices, click Review & Confirm to check your preferences and then finalise your submission by clicking the Complete and Send All to School button.
- You will receive an email confirming your choices. If you do not receive an email, your submission may not have been fully completed so please review the process.
- You can amend your choices while the sign-up window is open by clicking Review in SchoolsBuddy. You must resubmit your choices after making any changes. Amending your choices does not affect the likelihood of getting your preferred activities.
- You will receive an email regarding the extra-curricular activities your child has been admitted to on Tuesday 31 March. If you have not got into the activity of your choice or have any other issue, you will then be able to make other arrangements by contacting Mr Piqueiras.
- All ECA payments are processed through SchoolsBuddy. Each activity includes a trial session (Session 1) at no cost, provided we receive confirmation that your child will not continue before Session 2. If your child withdraws after the first session but before Session 3, fees will be charged on a pro-rata basis. If no notice is received by Session 3, the full fee for the term will be applied.
